DATA SOURCE
This map is produced by GeoBC of the Ministry of Forests, Lands, and Natural Resource Operations. It is based on the most current TRIM (Terrain Resource Information Mapping) data available. TRIM data is generally accurate to 10m. This map also contains Open Street Map (OSM) data, BC Hydro transmission lines, FLNRO repeater tower locations and various public building locations derived from the Digital Road Atlas. For more information on the data, the TRIM specification or other base mapping products, please visit the GeoBC website at www.geo-bc.gov.bc.ca.
